Pension contribution and offset 2018

**date**

December 21<sup>st</sup>, 2017

Dear Madam/Sir,

This letter is to inform you about the level of the pension contribution and offset for 2018.

The pension contribution for PCN remains equal in 2018 to 35.1% of the pensionable earnings. The offset has been increased to \$ 14,100.

The contribution of the participants to the pension contribution is expressed as a percentage of the pensionable earnings. The contribution of the participants to the pension contribution is 11.7% of the pensionable earnings. This is equal to 1/3 of the total pension contribution. The employer contribution therefore results in 23.4% of the pensionable earnings. In total the pension contribution amounts to 35.1% of the pensionable earnings.

Below we show comparative figures for 2017 and 2018.

	2018	2017
<b>Offset</b>	\$ 14,100	\$ 13,428
<b>Total pension contribution as % of the pensionable earnings</b>	35.1%	35.1%
<b>Participant contribution as % of the pensionable earnings</b>	11.70%	11.70%
<b>Employer contribution as % of the pensionable earnings</b>	23.40%	23.40%
